Experience

Zurich | UX/UI Designer

Jan 2024 - Present

Back as a Zurich employee, I worked on auditing and improving Zurich Design System accessibility, as well as on several complex, internal projects about AI and InsurTech.

Corus / Zurich | UX/UI Designer

Feb 2023 - Jan 2024

Promoted as a full-time contractor, I contributed to the growth of Zurich Design System. In parallel, worked on several short-term projects to improve Zurich's internal digital UIs.

Zurich | UX/UI Design Intern

Aug 2022 - Feb 2023

Designed and tested components for the Zurich Design System. Worked autonomously on simple projects, creating user flows, mockups and prototypes. Learnt how to closely work with developers in an Agile environment.

Siciliamia | UX/UI Design Intern

May 2022 - Aug 2022

Conducted user research (interviews and testing), created wireframes and prototypes for the company's main website.
